The Introduction to Worldwide Wonder .

World of Aluminium Windows (WAW), a flagship brand of Bhavya Aluwin LLP, stands at the forefront of innovation in aluminium fenestration.

Established in 2003 in Rajkot, Gujarat, WAW has continuously redefined the standards of aluminium windows and doors, delivering solutions that blend strength, aesthetics, and functionality.

A Legacy of Innovation and Precision :

Operating from a state-of-the-art, 10,000 sq. m manufacturing facility, we integrate cutting-edge technology with precision engineering to craft fenestration solutions that meet international standards. Our in-house quality testing ensures superior durability, energy efficiency, and craftsmanship. With an annual production capacity of 50,000 sq. m, WAW is equipped to cater to both residential and commercial markets with seamless execution.

Global Reach, Local Expertise :

From a domestic leader to a global innovator, WAW has expanded beyond India, exporting to five countries with a vision to penetrate more international markets. Our presence across 18 showrooms in India and a strong partner network underscores our commitment to delivering world-class aluminium systems tailored for diverse architectural needs.

Innovation That Defines WAW :

WAW offers a premium range of aluminium windows and doors that not only enhance the aesthetics of spaces but also deliver top-tier performance. Our designs embrace minimalism, maximizing natural light, insulation, and architectural elegance. Each product is a fusion of strength, design, and precision, making it the preferred choice for modern living and commercial environments.

A Commitment to Sustainability :

Sustainability is a core principle at WAW. We utilize recyclable aluminium, energy-efficient designs, and solar-powered manufacturing to ensure minimal environmental impact while delivering high-performance products that contribute to a greener future.

Empowering the Industry Through Education :

WAW is dedicated to fostering knowledge and innovation in the fenestration industry through Khidki ki Pathshala, an initiative designed to promote awareness and technical expertise. By sharing industry insights and advancements, we contribute to the evolution of modern fenestration solutions.

At WAW, every window and door is not just a product but a statement of design excellence, precision engineering, and a commitment to sustainable and transformative architecture.
